

Internship Guidelines

Sample University of Technology. Sample document for testing; not a real institution.

1. Eligibility

Students who have completed the fourth semester and have no more than two pending backlogs are eligible to apply for an internship. The internship should be done during the summer break after the sixth semester, although a student may also complete it earlier with the approval of the Training and Placement Cell.

2. Duration

The minimum duration of the internship is 8 weeks (40 working days). Internships shorter than 8 weeks will not be accepted for credit. Students may extend the internship beyond 8 weeks, but only the first 8 weeks are considered for evaluation.

3. Documents Required Before Starting

Before the internship begins, the student must submit the following to the Training and Placement Cell: (a) the offer letter on the organisation's letterhead stating the duration, (b) the internship approval form signed by the faculty mentor and the Head of the Department, and (c) a parent or guardian consent form. Students who start an internship without these documents will not receive credit.

4. Faculty Mentor

Each student is assigned a faculty mentor from their department. The student must contact the mentor at least once every two weeks and submit a weekly diary, signed by the industry supervisor, summarising the work done.

5. Final Report

The final report must be between 25 and 40 pages, typed in Times New Roman, font size 12, with 1.5 line spacing. It must include an abstract, a description of the organisation, the tasks performed, the skills learned and a conclusion. The report must be submitted within 15 days of rejoining the college, along with the completion certificate.

6. Evaluation

The internship carries 2 credits and is graded on a Pass or Fail basis. The total of 100 marks is divided as follows: report (50 marks), presentation and viva-voce (30 marks), and industry supervisor feedback (20 marks). A minimum of 50 marks overall is required to pass. The presentation lasts 10 minutes followed by 5 minutes of questions.

7. Stipend and Contact

A stipend is not compulsory, and unpaid internships are accepted. For questions, contact the Training and Placement Cell at placement@sampleuniversity.example.
